

AggPBpics

How to view and save your images

From www.AggPBpics.com , Click on the link to the SmugMug Site. Locate the *AggPBpics Paintball Category* on the SmugMug site then select the event in the *Sub-Categories*.

When the Event Gallery opens you will see a list of different galleries. Select the Gallery with your team's name and view your pictures.

Sharing and saving your pictures: You and your visitors can view and download the pictures in a variety of ways and sizes. From the *Share* button, you can also send links and emails that include a picture from your gallery and an invitation to view the other pictures in your gallery.

From the Traditional View Style(choose from the Style Menu on the Gallery Thumbnail Screen as shown in the second image) :

The screenshot shows a gallery page for 'NorCar Hype' with the following elements and annotations:

- Navigation:** Breadcrumbs: Paintball > Jeff-Thomas > AggPBpics Paintball > CFOA X-Ball 3 2009 > **NorCar Hype**. Navigation: < Prev 43 of 387 Next >
- Buttons:** Share, Slideshow, Buy, View Cart.
- Image:** A paintball player in a red and blue uniform running on a field.
- Annotations:**
 - Use to share with Family and Friends:** Points to the Share button.
 - To order Prints of your pictures from me at a discounted rate:** Points to the Buy button.
 - Select size to view (Medium is selected in example):** Points to the size selection menu.
 - To save your picture in the Hi Res size to use or get prints from a different source:** Points to the 'save photo' link.
- Caption:** NorCar Hype_1228
- Size Selection:** Sizes: S · Medium · L · Q · [save photo](#) | Your preferred size: S · Medium · L · Q

From the SmugMug View Style(choose from the Style Menu on the Gallery Thumbnail Screen) :

The screenshot shows a SmugMug gallery page for 'CFOA X-Ball 3 2009 > NorCar Hype'. The main image is 'NorCar Hype_1186', showing a group of people on a baseball field. The interface includes a 'Style' menu, 'Share', 'Slideshow', 'Buy', and 'View Cart' buttons. A sidebar on the right contains 'PhotoRank', 'Photo Sizes' (Small, Medium, Large, XLarge, X2Large, X3Large, Original), 'Photo Info', and 'Save Photo'. Red boxes with arrows point to the 'Style' menu, the 'Photo Sizes' list, and the 'Save Photo' button. Text boxes provide instructions: 'Viewing Style' points to the 'Style' menu; 'To order Prints of your picture from me at a discount rate' points to the 'Photo Sizes' list; 'Select the size to view the picture' points to the 'Photo Sizes' list; and 'Save a Hi Res copy of your picture to use to get prints from a different source.' points to the 'Save Photo' button.

To Save your pictures at a smaller resolution (i.e. to use online at MySpace or Facebook), view the picture in the size you want (S, M, L, O(Original)). Once you are view the picture in the resolution you want, right click on it and select *Save Picture As*. Save it on your computer to use later.

Resolutions and their approximate dimensions:

- S**- Small: 400px by 266px
- M**- Medium: 600px by 400px
- L**- Large: 800px by 500px
- O**- Original: 1600px by 1000px

If you need a resolution larger than 1600px by 1000px of an image, please contact me.

If you have any questions or need further assistance with your pictures please contact me.
